“I recently attended the Startup Catalyst investor trip to San Francisco, where I had the opportunity to spend time with a great group of people from Australia, as well as meeting with some extremely knowledgeable people working in the Silicon Valley ecosystem — ranging from Angel investors, VC’s, professional service providers and more. My thanks go to Steve Baxter and his team for arranging an amazing week.”

Sheona Devin – angel investor

“The learnings were amazing and now it will be up to each of us to integrate those learnings into how we operate when we get back.”

Cole Wilkinson – Pitcher Partners

“I can confidently say that this mission has been jam packed with an amazing mix of some of the leading venture capitalists, angel investors and advisors that are both willing to help share their knowledge and can deliver the group the information that is both an amazing resource, but also mind blowing and transformational.”
